

We Earn Our Percentage

We know you have a choice of master agencies to partner with, so we work hard to earn our percentage. We're focused on three things — providing best-in-class support, making our process simple to save you time and creating opportunities for you to make more money.

Make More Money

- High-end compensation carriers – we perform all of the install and admin work so our SPIFF and monthly residuals are the biggest in the industry.
- Nontraditional solutions – employee benefits audits, energy, merchant services, R&D/site tax credits/rebates, Speakap and physical security/emergency response.
- Nationwide technicians that you get compensated on.
- In-house services – IoT devices, firewalls, wifi, switches, managed power.

Save Time

- The first-of-its-kind iAgent app puts everything you need at your fingertips.
- Receive updates and exclusive invites from just the carriers you sell.
- Chat directly with carriers.
- Easily track commissions.

Superior Support

- Personal support for quotes and projects, for expert advice on which products and services are best for your clients.
- Average 15-minute response time to clients and agents.
- No quotas or changes in compensation for our support.

**Become an iAgent today and get back to doing what you do best.
We'll take care of the rest.**
